

MOTION BY SUPERVISORS GLORIA MOLINA AND  
MICHAEL D. ANTONOVICH

April 21, 2009

During this period of economic uncertainty, the Department of Animal Care and Control is working vigorously to stabilize the fiscal state of their Department. One of the largest streams of revenue for the Department are fees received from animal licenses. Currently, constituents may pay these fees via cash or check.

WE, THEREFORE, MOVE THAT the Department of Animal Care and Control report back in two weeks regarding the status of implementation of Debit/Credit Card payment options, via phone, internet, and/or in person at County animal shelters, and also report back regarding the Department’s plan to inform constituents about the opportunity to pay license fees with Debit/Credit cards.
